EDUCATION

Kennesaw State University August 2026 – Present
Ph.D. in Computer Science (First year)

Khulna University of Engineering & Technology January 2018 – February 2023
B.Sc. in Computer Science and Engineering
CGPA: **3.68/4.00** [U.S. Equivalent **3.80/4.00**]

JOURNAL PUBLICATIONS

1. **Shupta Das**, Suraiya Akter Mumu, M. A. H. Akhand, Abdus Salam, and Md Abdus Samad Kamal. "Epileptic Seizure Detection from Decomposed EEG Signal through 1D and 2D Feature Representation and Convolutional Neural Network". *Information, 2024*.
2. **Shupta Das**, Suraiya Akter Mumu, M. A. H. Akhand, and Md Abdus Samad Kamal. "Epileptic Seizure Detection Using Integrated Decomposed Features from EEG Signal". *Journal of Computer Science, 2024*.
3. Suraiya Akter Mumu, **Shupta Das**, M. A. H. Akhand, Abdus Salam, and Md Abdus Samad Kamal. "Epileptic Seizure Detection from EEG Signal Using Progressive Channel Selection and Deep Learning". *Journal of Computer Science, 2026*.

CONFERENCE PUBLICATIONS

1. **Shupta Das**, Suraiya Akter Mumu, Abdus Salam, and M. A. H. Akhand. "Machine Learning based Epileptic Seizure Detection from EEG Signal: Bangladesh Perspective". In *6th International Conference on Electrical Information and Communication Technology (EICT), 2023*.
2. Suraiya Akter Mumu, **Shupta Das**, M. A. H. Akhand, Abdus Salam, and Md Abdus Samad Kamal. "Epileptic Seizure Detection from EEG Using Rank-Based Channel Selection and Neural Networks". *In IEEE International Conference on Biomedical Engineering, Computer and Information Technology for Health (BECITHCON), 2025*.

RESEARCH EXPERIENCE

Epileptic Seizure Detection from EEG Signal Using EMD and Deep Learning 2022 - 2023
Undergraduate Research, Khulna University of Engineering & Technology
Supervised by Dr. Muhammad Aminul Haque Akhand

- Developed a CNN-based model for seizure detection using both 1D and 2D feature representations extracted from EMD-decomposed EEG signals; achieved 99.78% accuracy on the CHB-MIT dataset and 95.26% on real EEG data from a hospital in Khulna, Bangladesh. *[Paper]*
- Focused on the Bangladesh perspective by applying the model to real-life hospital EEG recordings; addressed data variability and preprocessing challenges, achieving 91.05% accuracy and demonstrating the model's real-world applicability. *[Paper]*
- Investigated integrated feature-based seizure classification using Empirical Mode Decomposition (EMD) and Neural Networks; combined fluctuation index, variance, and ellipse area features to reach 99.80% accuracy on benchmark data. *[Paper]*

PROFESSIONAL EXPERIENCE

Senior Software Engineer February 2026 – May 2026
Steadfast Courier LTD

- Packly Play: Developed microservice-based backend components (Reels and Live streaming features) for this multi-service digital commerce and marketplace platform.
- *Tools: Laravel (PHP), MySQL, REST APIs, RabbitMQ, AWS S3*

Software Engineer January 2024 – January 2026
Dotlines Technologies LTD

- Catena CRM System: A web-based customer relationship platform integrating CRM, ticketing, subscription, inventory, and customer self-service modules. Developed RESTful APIs, custom role-permission control, automated console tasks, and analytics dashboards for the ticket system and component based dynamic field rendering in frontend.
- Audra Sales Platform: A smart internet and device management solution for SMBs and enterprises. Designed inventory/order management systems, real-time stock processing, role-based access control, and CSV bulk upload for efficient stock updates.
- Audra Security / PSIRT: Internal platform for handling security incidents and vulnerability tracking. Built modules for secure form submissions, document upload/download, and issue tracking.
- Central Logistic Tracking Platform (CLTP): Developed internal and external REST APIs, Elasticsearch-based search/filtering, analytics dashboards, and managed public-facing web contents.
- *Tools: Laravel (PHP), Vue.js, MySQL, REST APIs, Elasticsearch, Linux (screen/crontab)*

HONORS & AWARDS

Dean's List Award: Issued by the Faculty of Electrical and Electronic Engineering, KUET, for maintaining an average GPA above 3.75 in academic session 2019-2020.

University Merit Scholarship: Issued by the KUET, for achieving high CGPA scores in consecutive semesters in academic sessions 2017-2018, 2018-2019, 2019-2020, and 2020-2021.

TECHNICAL SKILLS

Programming Languages	: PHP, JavaScript, C, C++, Python, MySQL, MATLAB
Machine Learning	: Keras, Scikit-learn, Neural Networks
Frameworks / Tools	: Laravel, Vue.js, RabbitMQ, Git
Deployment	: Linux (Ubuntu), Nginx, MobaXterm
Software Engineering	: Design Patterns (Object Pool, Factory, Decorator, etc.), SOLID Principles
Cloud Platforms	: AWS (S3, Lambda)

LINGUISTIC PROFICIENCY

English: CEFR Level - C1, **IELTS**: **Overall 7.0** 12 December, 2025
(Listening 7.5, Reading 7.5, Writing 6.0, Speaking 6.5)

Bangla: Native
